**Subject:** MPCA/EPA Call - 6/16/17

For our meeting on Friday, June 16, the MPCA would like to continue the discussion from 5/31/17 to hear input from EPA stormwater staff regarding stormwater permits for the NorthMet project. Attached are updated maps and a summary of areas where industrial stormwater coverage is needed (these are the same figures as we sent for our 5/31 meeting). We do not have any other topics to discuss at this time so it may be a short call.

Krista, could you please forward these figures to your stormwater staff? I believe we met with Brian O'Dell on our last call.

We look forward to talking with you on Friday.
